## Special Events

### TEMPERATURE CONTROL SOLUTIONS

CORPORATE EVENTS, TOURS, WEDDINGS, MOVIES,  
CONCERTS, SPORTING VENUES

# Sunbelt Rentals, Your Trusted Turn-Key Equipment Solution Provider

Successful special events require extensive planning, precise timing, dependable equipment and quality service. It's no wonder that event professionals look to Sunbelt Rentals Climate Control Services as a trusted partner to keep their events running smoothly and comfortably.

Sunbelt Rentals Climate Control Services is your full-service equipment supplier. From lifts, to event heating and cooling to providing temporary power and distribution equipment, we have the solution.

Our team understands that it takes hard work and extensive planning to execute a successful event. Your Climate Control Services Sales Engineer will be there for you every step of the way and will engineer the perfect climate control solution. From the initial project design, to on-site set-up and installation, to event manning, to the final load-out, Sunbelt Rentals Climate Control Services focuses on making your vision a reality.

Sunbelt Rentals Climate Control Services has over twenty years of experience providing climate control solutions for all types of venues: television broadcasts, weddings, corporate functions, concerts, movie productions, and sporting events.

Sunbelt Rentals offers a broad range of equipment that supports a number of markets including construction, commercial, industrial, military and event/entertainment. With more than 400 Sunbelt Rentals locations nationwide, you can be sure we have the right equipment, no matter where your event takes you.

**When there are no second chances to make a first impression, Call Sunbelt Rentals Climate Control Services.**

## Temporary equipment, lifetime customers.

### Equipment for any size application

When you only have one chance to make a great impression, you need the right equipment. Sunbelt Rentals Climate Control Services has equipment for any site including portable, trailer- or skid-mounted air conditioners and direct- and indirect-fired heaters. Delivery and equipment setup is guaranteed on-time and we provide 24-hour event monitoring for a worry-free performance.

### Put our experience and equipment to work for you

Every event has its unique requirements and demands. The special event team at Sunbelt Rentals Climate Control Services understands that it takes hard work and extensive planning to make a successful special event. Our sales engineers survey your site to determine the correct cooling or heating equipment needed to make your event a success!

Your Climate Control Services Sales Engineer will be there for you every step of the way. From ensuring proper job sizing, to set up, tear down, event manning, and returning the site to its pre-event condition, we take all of the worry and guess-work out of your special event.

We want your ending impression to be as nice as the event itself so you'll choose Sunbelt Rentals Climate Control Services for your next special event.
